

*There is a lot you can do  
To help the environment  
The key is becoming aware*

## **Sustainable Earth Forum**

### **CLASS 38 – FALL 2010 Understanding the Environment— The Basis for Action**

Founded more than 37 years ago by Marin's early environmentalists, the Environmental Forum of Marin is a leader in environmental education. EFM's premier program, the Sustainable Earth Forum, is now an intensive two semester program which includes environmental education, advocacy training and a hands-on project/internship. The 2010/11 Class 38 begins August 31, 2010. Classes are taught by experts in their field and include scientists, nonprofit organization leaders, college professors, key business professionals, environmental consultants and politicians. Classroom and field studies cover a full range of topics including:

Plant Communities	Population & Sustainability	Water & Marin's Watersheds
Marin Baylands/Estuaries	Land Use	Waste Reduction & Toxics
Wildlife	Transportation	Advocacy Training
Local Agriculture & Mariculture	Environmental Ethics	Marin Countywide Plan
Energy & Climate Change	Economics of Sustainability	Student/Team projects

Class size is limited to 30 students. Tuition is \$500 for registration by August 1, 2010 and \$550 thereafter. \$50 nonrefundable deposit reserves your space in the class.

*The Environment needs  
YOU now more than ever!*
