

STUDENT DESIGNED PROJECT PROPOSAL

PROCESS:

Submit this proposal to Nancy Bell and Bruce Richard (nancyj.bell@comcast.net bruce.richard@ymail.com for review and approval by the review committee. NOTE: allow at least TWO weeks between the time you submit your proposal and the time you can present it to the class.

Proposal Submissions accepted: October 12 thru November 1

Proposal Presentation dates: November 1 thru November 15

STUDENT DESIGNED PROJECT PROPOSAL TEMPLATE:

Date: November 28, 2011
Project Title: Alternatives to Plastic Addiction
Submitted by: Bonnie Herzog

Purpose: To assist those wanting an alternative to plastic products that they have come to depend upon.

Immediate Goal: (include March 20th deliverable) To create a spreadsheet with alternatives to plastics for personal, home and garden use. This is meant to be an easy to read, "jump start" for those beginning their journey to end their addiction; not a definitive and detailed alternative to all plastic products in these categories.

The spreadsheet will also include alternative product website links as available.

Long Term Goal: (if applicable) To create a website that includes the above initial alternatives and created so that it can continue to grow and expand upon this base. The goal is to make it user friendly for quick answers, easy print out or email forwarding of information on the website and to encourage comments and suggestions from those using the site. This website will be the property of Green Sangha.

Size of team/Skills needed: This is an individual effort. Over the next year, I will learn about websites and hone my computer skills to create the site. I will be creating it based upon Stuart Moody's (Green Sangha) request for design and accessibility.

External Partners/Sponsors: (if any) Although I will not have a formal partner for my initial goal, the website will be the property of Green Sangha and they will be instrumental in the design of the site.
